

MATLAB Installation Process for TAH in IIIT-H

Creating MathWorks Account

Create a MathWorks Account using your university email address (@iiith.ac.in) at:
<http://mathworks.com/accesslogin/createProfile.do>
or <https://in.mathworks.com/mwaccount/register>

When creating an account, you must select the 'Student Use' option from the 'How will you use MathWorks software' drop-down list.

Create MathWorks Account

Email Address

myname@

You will need to verify your email address

Country/Region

India

How will you use
MathWorks software?

Student use

Are you at least 13
years or older?

☐ Yes

☐ No

Cancel

Create

Verify Email

You will then need to check your IIIT-H email for a verification email. Click on the link to verify and validate your address. You may be prompted to fill in some details including a password.

Verify Email Address 

 **service** <service@mathworks.com>
 to me 

Thank you for registering with MathWorks!

To complete the registration process, verify your email address by clicking this link:

Associate IIIT-H License to your MathWorks Account

While you're verifying your account, you can associate the IIIT-H license to your MATLAB Account. Enter the Activation Key:
14440-97391-99249-69606-56827

OR

You can also visit the Mathworks License Center: <http://mathworks.com/licensecenter>
Click Associate To License in the upper right hand corner.

Select Associate by Activation Key and click Continue.

When prompted, enter the Activation key
14440-97391-99249-69606-56827

Associate Your Account to a License

If you have MATLAB already, enter your activation key or license number here. [What will this allow me to do?](#)

Activation Key or License Number (Optional)

Type 'license' at the MATLAB prompt to get your [license number](#) or get an activation key from your MATLAB administrator.

You are not currently associated with any licenses. To proceed, [Add a license](#).

Associate My Account with a License

Activation Key or License Number*:

Associate License

Type 'ver' at the MATLAB prompt to get your [license number](#) or get an activation key from your MATLAB administrator.

Installing MATLAB after downloading from Intranet/MathWorks

The above process ensures your MathWorks account is associated with the IIIT-H academic license.

IIIT-Hyd download link:

smb://matlab.iiit.ac.in(for linux / mac),

"\\matlab.iiit.ac.in(for windows, username-matlab,password-matlab@123)".

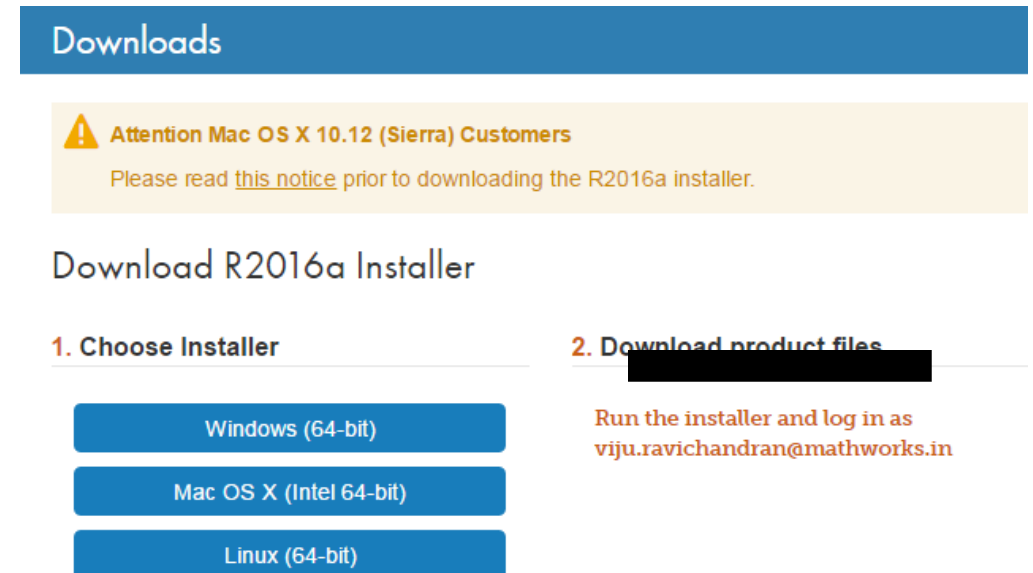

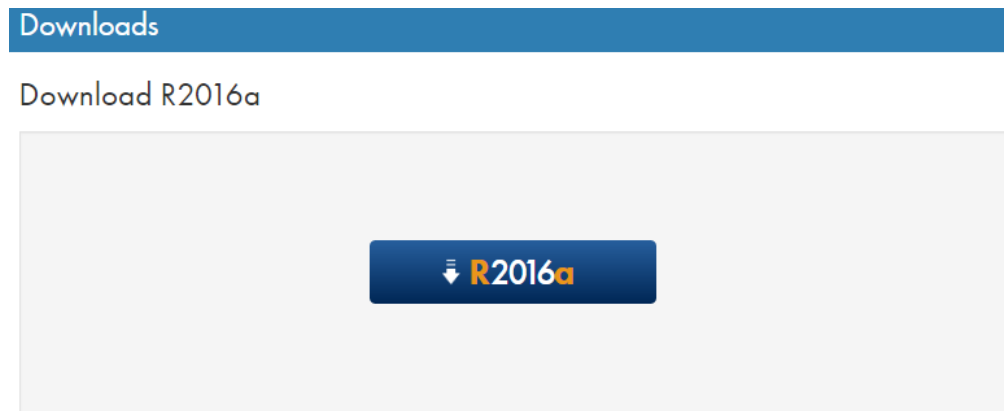

OR

To download the installer, navigate to:

http://mathworks.com/downloads/web_downloads/select_release

Click the Download button to download the current release.

Click the Installer button to download the installer.

Installing MATLAB (contd.)

- If you have downloaded MATLAB from the MathWorks website, locate the installer you downloaded in a file browser. It should be located in the default download location, unless you specified another location. The name of the installer file is matlab_r2016a_win64.exe for Windows.

Start the installer:

- For Windows, double-click the installer file you downloaded in the previous step. The Windows Self-Extractor runs, and then the installer starts.

Note: It is a similar process for Linux and Mac OS as well.

- If you have the intranet link, double click on the setup.exe or equivalent in Linux/Mac to start the installation process.
- In the MathWorks installer, select Log in with a MathWorks Account and follow the online instructions. When prompted, select the license associated with IIT-H. Select the products you want to download and install. After downloading and installing your products, ensure Activate MATLAB is ticked and click Next.
- Details on the installation process are provided at:
